

FROM: MANAGEMENT OF PLUSH MEDIA IN COLLABORATION WITH BECKY OSEI MUSIC MINISTRY

TO: POTENTIAL PARTNER

SUBJECT: REQUEST FOR PARTNERSHIP

Dear Sir/Madam,

We hope this letter finds you well. The Management of Plush Media in collaboration with **Becky Osei Music Ministry (BOMM)** humbly writes to introduce our ministry and request the partnership of your organization in fulfillment of our vision and mission.

We are a gospel music ministry on a mission to uplift and inspire humanity through the power of gospel music. We believe that gospel music has the ability to touch hearts and transform lives, therefore we are reaching out to partners like you who share the same passion and want to make a positive impact on souls. By partnering with us, you will have the opportunity to contribute to our ministry's growth to help us expand our reach by creating more meaningful gospel music, organize impactful events, connect with more people who are seeking solace, inspiration, and a deeper connection with their faith.

In addition to our vision, we have an amazing “**Alternate Path Program**”, an important initiative which will be launched later part of this year. The aim of this initiative is to provide support and opportunities for juvenile offenders in prisons to help turn their lives around through rehabilitation and reintegration into society.

We also have an upcoming annual signature program themed “**Shekinah Experience 2024**” featuring **Becky Osei** which will take place at **Living Faith Ministries International Church (195 West 1st Street Mount Vernon, NY 10550)** on **Sat, June 29th, 2024**, time **6:00 PM**. This is a free open event aimed to bring together gospel musicians, believers, and individuals who are passionate about gospel music and seeking spiritual upliftment. This signature event will be one of a kind which will be organized annually and will be hosted in different cities around the world.

As part of the celebration, there will be various performances from world renowned gospel music artistes to make the night a spirit filled and memorable one. We have the expectation of a bigger and better event, and your financial support whether monthly/annually will be much appreciated.

A portion of your financial support will be allocated to our amazing “**Alternate Path Program**”, an important initiative scheduled to be launched later part of this year. The aim of this initiative is to provide support and opportunities for juvenile offenders in prisons to help turn their lives around through rehabilitation and reintegration into society.

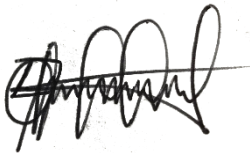

As a partner you will enjoy various benefits including media exposure, prominent website recognition and extensive publicity. Kindly choose any of the channels we have provided for donations below:
